DECLASSIFIED

~~CONFIDENTIAL~~ - Unclassified upon removal of enclosures

From: Commanding Officer, USS CALIFORNIA (CGN-36)  
To: Director of Naval History (OP 0939) Washington Navy Yard,  
Washington, DC

Subj: Command History (Report Symbol OPNAV 5750-1)

Ref: (a) OPNAVINST 5750.12B

Encl: (1) Command History of USS CALIFORNIA (CGN-36) for period 1 JAN 77  
through 31 DEC 77 \*

1. Pursuant to the requirements of reference (a), enclosure (1) with  
documentary annexes is hereby forwarded.

  
WILLIAM RENTZ

Copy to:  
COMNAVSURFLANT (Code N004)

\* *Summary of operations not classified.  
Some annexes classified (see attached list), but  
none of these held by SH.*

DECLASSIFIED

*Reg 6197 (8-28)*

~~CONFIDENTIAL~~

1. Command Organization:

a. Commanding Officer: Captain William RENTZ, U.S. Navy, was in command of USS CALIFORNIA (CGN-36) from 1 January 1977 to 31 December 1977.

b. Missions and functions remain as described in 1972 history.

c. The designation of the command remains as described in the 1975 history.

d. Command location (homeport) remained Norfolk, Virginia.

2. Summary of Operations:

January 1977

1 - 3 Inport Kalamata, Greece.

On New Year's Day the officers and chiefs of CALIFORNIA played a softball double header. At Kalamata a group of CALIFORNIA volunteers worked at the Kalamata Boys Orphanage each day improving the living conditions. On 2 January Colonel FRANCOJANNIS, Commander Kalamata Army Base, and his family had lunch with the Commanding Officer and toured the ship.

4 Operations, Ionian Sea.

5 - 9 Operations, Tyrrhenian Sea.

While operating with Task Group 60.1 CALIFORNIA participated in warfare exercises. On 8 and 9 January, CALIFORNIA was involved in a Search and Rescue (SAR) mission for an A-7 aircraft that never returned to USS NIMITZ (CVN-38); the twenty hours of exhaustive search by Task Group 60.1 were not successful in locating the aircraft.

10 - 16 Inport, La Spezia, Italy.

At La Spezia both CALIFORNIA's basketball and soccer teams played Army teams at Camp Darby.

17 - 23 Operations Western Mediterranean Basin.

On 18 January CALIFORNIA joined with USS ALBANY (CG-10) and USS SOUTH CAROLINA (CGN-37) to conduct operations. On 19 January CALIFORNIA conducted an underway replenishment with USS SAN DIEGO (AFS-6) and USS SURIBACHI (AE-21). SURIBACHI's after replenishment report is located in annex 1.

On the evening of 19 January a NIMITZ aircraft crashed into the sea after the pilot and co-pilot had ejected. CALIFORNIA responded immediately and positioned for the recovery, arriving on station to assist NIMITZ helicopters which were tasked to make the recovery. The pilots were safely retrieved and CALIFORNIA's motor whale boat picked up crash debris.

During 18 through 22 January CALIFORNIA operated with USS READY (PG 87), USS ANTELOPE (PG 86), and USS GRAND RAPIDS (PG 100). CALIFORNIA refueled these Patrol Gunboats frequently using the astern method during the three day period. (Annexes 2 and 3).

On 20 through 23 January CALIFORNIA participated in numerous anti-air warfare exercises. CALIFORNIA refueled with JP-5 from USNS PAWCATUCK (former AO 108) during a replenishment on 22 January. Surface gunnery exercises were also conducted on 22 January. On 23 January a NIMITZ crewmember was reported overboard. CALIFORNIA's motor whale boat crew was able to rescue the man in extremely rainy weather, darkness, and high seas. (Annexes 4 and 5.)

24-26      Inport Tangier, Morocco.

On 24 January the American Consul General of Tangier visited the ship. USS FARRAGUT (DDG 37), CALIFORNIA's relieving ship, arrived in Tangier on 27 January and a turnover of materials and information took place. On the evening of 26 January CALIFORNIA's officers were hosted at a reception by the American Consul General of Tangier.

27-31      Atlantic transit to CONUS.

CALIFORNIA and accompanying units USS MITSCHER (DDG 35), USS BARNEY (DDG 6), USS MILWAUKEE (AOR 2), USS JOSEPHUS DANIELS (CG 27) and USS NIMITZ (CVN 68) conducted many exercises during the Atlantic crossing. These included tactical maneuvering, anti-air and anti-submarine, electronic warfare, and communications exercises. Commander's Summary evaluation situation report and post transit report are included in annexes 6 and 7.

#### February 1977

1-7          Atlantic transit, enroute Norfolk, Virginia.

During the return voyage to CONUS several congratulatory messages were received by CALIFORNIA for her excellent performance while deployed (annexes 8, 9, and 10). Gunnery shoots were conducted on 1 and 3 February. CALIFORNIA satisfactorily completed her Operational Readiness Inspection (ORI) battle problem on 4 February. During 4 through 6 February CALIFORNIA participated in several anti-submarine warfare exercises with the USS BILLFISH (SSN 676).

7-28          Inport Norfolk, Virginia.

After a post deployment leave and upkeep period CALIFORNIA underwent an intermediate maintenance availability (IMAV) with USS PUGET SOUND (AD 38).

#### March 1977

1-31          Upkeep Norfolk, Virginia.

Visitors to the CALIFORNIA in March included RADM CARTER (NAVSEA 06, Deputy for Combat Systems), Canadian Forces Command and Staff College students, and Naval Reserve officers. During the period 11 March to 11 April NTDS program model 4.0 was installed. On 25 March CALIFORNIA's supply department successfully completed an annual supply inspection. On 28 March the NTDS systems Integration Test (SIT) began and continued until 29 May. SIT

checked out the NTDS model 4.0 program and ensured proper integration with CALIFORNIA's combat systems.

CALIFORNIA was the host ship for the Korean ship ROKN TAJON (DD 99) during the period 25 March to 14 April (annex 11). ROKN TAJON (DD 99) was formerly USS NEW (DD 818).

#### April 1977

1-30 Inport Norfolk, Virginia.

The NTDS Systems Integration Test (SIT) continued through April. CALIFORNIA provided communications services for USS EISENHOWER (CVN 69) during the period 11 through 21 April. On 29 April a Fast Cruise was conducted to prepare the crew for the upcoming May underway period.

#### May 1977

1-3 Inport Norfolk, Virginia. Navy Weapons Assistance Team (NWAT) visit.

4-5 Enroute Mayport, Florida.

6-8 Inport Mayport, Florida.

9-13 Underway, independent steaming exercises.

The Nuclear Power Mobile Training Team (NPMTT) visited CALIFORNIA and conducted engineering inspections and drills during the transit to Norfolk, Virginia.

14-22 Inport Norfolk, Virginia.

On 18 and 19 May the Navy Technical Proficiency Inspection (NTPI) was conducted and CALIFORNIA received an excellent score with no major discrepancies (annex 12). The second annual CALIFORNIA Ball was held on 20 May and proved a very enjoyable time for crewmembers and guests.

23-24 Loadout Yorktown, Virginia.

25-26 Underway, enroute Roosevelt Roads, Puerto Rico.

27 CALIFORNIA moored at Naval Station Roosevelt Roads, Puerto Rico, and a briefing was held on board by personnel from the Atlantic Fleet Weapons Range.

28 Underway, Atlantic Fleet Weapons Range.

CALIFORNIA qualification in Naval Gunfire Support (NGFS) was completed at Vieques Island on 28 May and the morning of 29 May (annex 13).

29-30 Inport Roosevelt Roads, Puerto Rico.

31 Underway, Atlantic Fleet Weapons Range for MISSILEX.

Two Tartar RIM 24C missiles were fired at drone targets resulting in one success and one failure due to missile round malfunction.

June 1977

1-3 Enroute Norfolk, Virginia.

4-12 Inport Norfolk, Virginia.

On 6 June high winds and thunderstorms passed through Naval Station Norfolk. Winds in excess of ninety knots parted lines and partially broke CALIFORNIA loose from her moorings at pier 21. CALIFORNIA was blown against USS THOMAS C. HART (FF 1092), stern to stern, where she rested until tugs were available to assist in remooring. Quick action by CALIFORNIA crewmembers in letting go the anchor prevented considerable damage from occurring (annexes 14 through 19). Repairs were completed prior to getting underway for Silver Jubilee.

On 7 June a film crew visited and photographed a simulated missile firing in CALIFORNIA's Combat Information Center which was included in Navy Recruiting film "A Place For You" (annexes 20 and 21).

On 9 June CALIFORNIA was visited by members of the French Naval War College and RADM LACOST, FN (annexes 22 through 26).

13-24 Underway for SILVER JUBILEE operations.

On the transit across the Atlantic to northern Europe USS CALIFORNIA was in company with USS FRANCIS MARION (LPA-249) with COMCARGRU FOUR, RADM John C. DIXON Jr., embarked; USS CONYNGHAM (DDG-17) with COMDESRON TWO, CAPT Louis COLBUS embarked; USS JESSE L. BROWN (FF 1089) and USS JULIUS A. FURER (FFG-6).

Burial at sea ceremony for HML J. E. LARSON, USN (Ret.) was held on board on 14 June (annex 27).

CALIFORNIA participated in round-the-clock exercises while in company with Task Group 21.6 which provided crewmembers intensive training in anti-submarine warfare, air and surface gunnery, replenishment at sea, tactical maneuvering, and communications. HMCS HURON (DDH-281) joined in the transit and took part in over 100 task group exercises. HMCS HURON's helo crossdecked personnel during the transit (annexes 28, 29 and 30).

On 20 June USS BILLFISH (SSN 679) joined the task group and numerous anti-submarine exercises were conducted through 23 June. During the last two days of the transit Vulcans, Buccaneers, and Canberras of the Royal Navy and Royal Air Force made simulated low-level attacks on ships in the task group.

On 23 June RADM John C. DIXON, Jr., COMCARGRU SIX, shifted his flag at sea from FRANCIS MARION to CALIFORNIA (annex 31). On 24 June CALIFORNIA arrived at Portsmouth, England, and fired a 21-gun National Salute which was returned by Naval Saluting Battery HMS DOLPHIN. Later, CALIFORNIA saluted CINCFLEET, Sir Henry LEACH, embarked on HMS ARK ROYAL (RO 9). CALIFORNIA proceeded to anchorage J-3. On the evening of 24 June CALIFORNIA officers attended a reception ashore for local military and civilian guests, hosted by the U.S. Navy.

24-28      In port Portsmouth, England.

25            COMCARGRU SIX and the Commanding Officers of USS CALIFORNIA and USS BILLFISH made a call on CINCFLEET on board HMS ARK ROYAL. In the afternoon CALIFORNIA hosted visitors from Ships Bath Forward Design Group (Annex 32).

In the evening Commanding Officer, USS CALIFORNIA, and several other officers, attended a formal ball on board HMS HERMES (H 12).

26            CALIFORNIA hosted over 200 visitors on 26 June. Later, crewmembers came to the aid of four English nationals whose boat had capsized (annex 33). During the evening COMCARGRU SIX and Commanding Officer, USS CALIFORNIA, attended a reception given by CINCFLEET on board HMS ARK ROYAL (RO 9).

27            CINCFLEET, Admiral Sir Henry LEACH, returned calls on COMCARGRU SIX and the Commanding Officers on board USS CALIFORNIA. Later, RADM HOLSUPH, Royal Netherlands Navy, called on COMCARGRU SIX and had a luncheon on board. During the evening COMCARGRU SIX and the Commanding Officer attended a reception by Her Majesty the Queen on board HMY BRITANNIA.

On 28 June Her Majesty, Queen Elizabeth II of England, standing on the upper deck of HMY BRITANNIA, passed in review of the Fleet. As BRITANNIA passed the CALIFORNIA, 385 Naval Academy and NROTC midshipmen, who were manning the rail, doffed their caps, waved them high, and gave three cheers for the Queen. On board CALIFORNIA for the review were numerous guests and members of the press (annex 34). Messages concerning the Silver Jubilee visit are located in annexes 35 through 40. Newspaper articles concerning the Silver Jubilee visit are located in annexes 41 through 44.

29-30      Underway, enroute Rosyth, Scotland

CALIFORNIA commenced participation in Exercise Steady Progress (annexes 45 through 50).

#### July 1977

1-4            Inport Rosyth, Scotland.

While in port Rosyth many crewmembers journeyed to nearby Edinburgh (annex 51). The Commanding Officer inspected and took the review at Saturday

morning "Divisions" at the Royal Navy Engineering School, HMS CALEDONIA. On the 4th of July, CALIFORNIA fired a 21 gun National Salute in honor of the 201st anniversary of our independence from Great Britain, anchored in the Firth of Clyde.

5-6 Enroute Oslo, Norway. A 21 gun National Salute was fired and returned as the ship entered Oslo.

7-8 Inport Oslo, Norway. Messages concerning the visit to Oslo are located in annexes 52 through 55 and newspaper articles in annexes 56 through 60.

9 Underway enroute SINKEK.

CALIFORNIA proceeded through the English Channel to a position off the coast of France to conduct a SINKEK. Because of poor weather conditions the SINKEK was delayed a day and no missile firings were conducted. CALIFORNIA's 5"/54 guns proved highly accurate at close firing range. The target hull was left a flaming hulk upon completion of CALIFORNIA's firing run on 13 July and sank shortly thereafter (annex 61).

14-30 Upon completion of the SINKEK units of TG 21.6 proceeded across the Atlantic to CONUS and COMCARGU FOUR, RADM John C. DIXON Jr., shifted his flag from CALIFORNIA to FRANCIS MARION (annex 62). Extensive seamanship and warfare exercises were conducted during the transit. Surface-to-surface and surface-to-air gunnery exercises were conducted on 14, 15, 18 and 19 July. CALIFORNIA went alongside USS MILWAUKEE (AOR 2) on 14, 16, and 19 July for training and replenishment. A Link 14 test and PASSEX were completed during the transit (annexes 63, 64 and 65). Messages pertaining to CALIFORNIA's successful participation in the Silver Jubilee cruise are located in annexes 66, 67 and 68. Silver Jubilee quicklook reports are located in annexes 69 and 70. On 21 July CALIFORNIA arrived Norfolk, Virginia (annex 71).

#### August 1977

1-22 Inport Norfolk, Virginia.

During the period 1-13 August attempts were made to clean the collection holding and transfer (CHT) system piping utilizing a water jet. This technique was supposed to have broken up the scale which had formed inside the piping and then flush the resultant debris to the sewage tanks where it could be pumped overboard. The lines were cleaned; however, the debris did not flush to the tanks causing blockages in the system isolation valves and in the horizontal pipe runs above the sewage tanks. The maloperation of the CHT system was a troublesome experience for the crew of CALIFORNIA.

During the second week of August the USS CALIFORNIA "Golden Grizzly" softball team captured the pennant race for warships, but was unable to beat the team of USS MILWAUKEE (AOR 2) in the finals of the CINCLANTFLT Slow Pitch Softball softball tournament.

On 3 and 10 August inport AAW and EW exercises were conducted with other units inport Norfolk (annex 72).

On 10 August Naval Reserve senior officers toured the ship (annex 73).

On 15 August eighteen senior administration aides to the members of the U.S. House of Representatives toured the ship (annex 74).

A Fast Cruise was conducted on 19 August to simulate getting underway, to test equipment, and to station various underway watches.

23-25 Underway enroute Bermuda.

Four Navy Guest Cruise participants (annex 75) and a group of Navy Sea Cadets made the voyage to Bermuda and return to Norfolk. During the Bermuda transit preparations were made by the Engineering Department for the Nuclear Power Mobile Training Team visit. During a solemn ceremony on board the remains of Mr. Robert W. McDERMOTT were buried at sea on 23 August 1977 (annex 76).

Prior to arriving in Bermuda CALIFORNIA conducted vertical replenishment training with helicopters stationed at Naval Air Station Bermuda (annex 77).

26-28 Inport, Bermuda.

29-31 Enroute Norfolk, Virginia.

The Nuclear Power Mobile Training Team (NPMTT) conducted engineering drills and material inspections during the transit from Bermuda to Norfolk, Virginia.

#### September 1977

1 Enroute Norfolk, Virginia.

2-12 Inport Norfolk, Virginia.

On 12 September the Honorable Asao MIHARA, Minister of State for Defense, Japan Defense Agency, visited the ship accompanied by VADM William L. READ, COMNAVSURFLANT (annex 78). On the afternoon of 12 September CALIFORNIA got underway for COMPTUEX 6-77 with COMDESRON TWO TWO embarked.

12-27 Major fleet exercise, COMPTUEX 6-77.

COMPTUEX 6-77 was divided into four distinct phases. During Phase I (12-17 September) anti-submarine warfare (ASW) operations were conducted in the Virginia Capes operating area. CALIFORNIA and other TG 21.4 units conducted ASW exercises with USS NARWHAL (SSN 671). On 14 September COMCRUDESGRU TWELVE visited CALIFORNIA for approximately 3 hours and then departed by helo (annex 79). On 16 September CALIFORNIA went alongside USS MILWAUKEE (AOR 2) for replenishment.

During Phase II (18-22 September) USS CALIFORNIA conducted task group anti-submarine warfare operations with the HMS HERMES (R 12) in the Jacksonville operating area. On 18 September CALIFORNIA went alongside MILWAUKEE for replenishment. On 19 September surface gunnery exercises were conducted. Anti-submarine warfare operations were conducted with USS MEREDITH (DD 890) on 20 September. On the morning of 21 September a two day "War at Sea" group exercise was commenced.

During Phase III of COMPTUEX 6-77 (23-25 September) CALIFORNIA in company with TG 24.1 transited to the Atlantic Fleet Weapons Range and conducted anti-air warfare workups. On 23 September CALIFORNIA went alongside MILWAUKEE for replenishment and training. An ASROC was fired for training on 25 September and on the morning of 26 September CALIFORNIA arrived at the Atlantic Fleet Weapons Test Facility Missile Range where a RIMEX simulation was conducted.

Phase IV of COMPTUEX 6-77 (RIMEX) was conducted on 26 and 27 September. CALIFORNIA fired three Tartar missiles during this phase resulting in one success, one undetermined, and one failure. On the evening of 27 September, CALIFORNIA moored at Naval Station Roosevelt Roads, Puerto Rico.

28-30 On 28 September CALIFORNIA departed Naval Station Roosevelt Roads, and conducted surface and air gunnery exercises. During the transit back to Norfolk, the CINCLANTFLT Nuclear Propulsion Examining Board (NPEB) conducted the annual Operational Reactor Safeguards Examination (ORSE).

#### October 1977

1 Arrived Norfolk, Virginia.

2-31 Inport Norfolk, Virginia.

The collection holding and transfer (CHT) system modifications were installed that prevented the "blockages" which had been experienced in the past six months.

During the period 11-29 October a maintenance availability was conducted with USS PUGET SOUND.

During October preparations were made for overseas movement, which included inspections, surveys, and training. Anti-air warfare exercises were conducted every Wednesday with other U.S. Navy ships inport. CALIFORNIA's Combat Information Center team participated in anti-submarine training at the Atlantic Fleet Training facilities.

#### November 1977

1-13 Inport Norfolk, Virginia

During the period 1-11 November a Combat Systems Readiness Review (CSRR) was conducted by a team of representatives from NAVSEACENLANT, NAVSEC, and MOTU. The CSRR team determined the operational readiness of CALIFORNIA's weapons systems and corrected material problems (annexes 80 and 81).

On 2 November RADM WALTERS, COMCRUDESGRU EIGHT, visited USS CALIFORNIA.

On 3 November propulsion plant special physics tests were completed.

COMCARGRU FOUR visited the ship on 8 November. On 9 November a Fast Cruise was conducted. During the Fast Cruise CALIFORNIA crewmembers simulated setting various underway watch conditions.

On 10 November RADM WALTERS, COMCRUDESGRU EIGHT, visited the ship and welcomed aboard 52 NJROTC cadets from Virginia Beach, Virginia, and witnessed a reenlistment.

14 Underway for Yorktown, Virginia. CALIFORNIA dependents' cruise. Upon arrival at Naval Weapons Station Yorktown, USS CALIFORNIA completed a major weapons onload.

15 Underway from Yorktown, Virginia.

COMDESRON TWO TWO, CAPT HORNE, was embarked during the period 15-18 November (annex 82). Units of CTU 20.4.2 conducted exercises in the VACAPES. These units included USS SOUTH CAROLINA (CGN 37) and USS RICHARD L. PAGE (FFG 5). In company with Task Unit 20.4.2, CALIFORNIA conducted anti-air warfare, communications, and shiphandling exercises. An underway replenishment was completed with MILWAUKEE on 17 November 1978.

18-29 Inport Norfolk, Virginia.

Preparations were made for overseas movement. On 19 November a CALIFORNIA dependents' Christmas party was held on board.

30 Enroute Rota, Spain.

VADM William L. READ, COMNAVSURFLANT, visited the ship briefly prior to her getting underway for deployment. VADM READ highly praised the ship's crew and commented that it was the first time he has inspected an Honor Guard where all the pieces operated properly. CALIFORNIA was certified ready for intertype operations by VADM READ by message to CINCLANTFLT (annex 83).

#### December 1977

1-10 Enroute Rota, Spain.

In company with CALIFORNIA were USS MANLEY (DD 940), USS SOUTH CAROLINA (CGN 37), USNS MARIAS, USS RICHARD L. PAGE (FFG 5), USS LAWRENCE (DDG 4) with COMDESRON TWO TWO embarked, and USS NIMITZ (CVN 68) with COMCARGRU FOUR embarked. During the transit many exercises were conducted to further prepare CALIFORNIA and the other ships of the task group for operations in the Mediterranean. Of particular significance, CALIFORNIA conducted underway replenishment on 3 and 9 December and leapfrogs on 8 December with USNS MARIAS. CALIFORNIA's post transit report concerning training completed is contained in annex 84. During 9 through 11 December RMC McCARROLL of the Human Resources Management Center (HRMC) conducted a survey of the crew.

11-13 Inport Rota, Spain.

CALIFORNIA completed turnover with the outchopping USS KOELSCH (FF 1049). While inport Rota many of the ship's crew attended briefings on such topics as communications, anti-submarine warfare environment, and logistics. Several Spanish naval officers visited CALIFORNIA on 13 December, including the director of the Spanish Nuclear Energy Agency (annexes 85 and 86). CALIFORNIA received thanks from the USS NIMITZ for warm hospitality afforded to the beach guard and shore patrol teams who had to remain ashore during poor boating conditions (annexes 87 and 88).

14-22 Underway Western basin of Mediterranean.

Intertype and individual ship training exercises were conducted. On 15 December CALIFORNIA proceeded to the Amphibious Objective Area off Capo Teluda, Sardinia. During 15 through 19 December CALIFORNIA participated in Amphibious Landing Exercise (PHIBLEX) 12A-77. CALIFORNIA provided air control and conducted Naval gunfire support (NGFS) during the PHIBLEX.

On 18 December CALIFORNIA and USS SYLVANIA (AFS 2) conducted underway replenishment. Upon completion of the replenishment CALIFORNIA returned to further participate in PHIBLEX 12A-77 Naval gunfire support (NGFS) exercises. On 20 December CALIFORNIA participated in anti-submarine warfare exercises with USS SKIPJACK (SSN 585).

23-31 Inport Gaeta, Italy.

While inport Gaeta, CALIFORNIA's crew had excellent holiday liberty which was incident free (annex 89). This liberty included visits to Rome and Naples by many of the crew. COMSIXTHFLT, VADM Harry L. TRAIN visited CALIFORNIA on 30 December. A safety review standdown was conducted on board on 30 December.

3. Awards. CALIFORNIA won the Overall Battle Efficiency "E" for excellence, plus eight departmental awards, in 1977. Additionally, CALIFORNIA received the COMNAVSURFLANT Anti-air Warfare award for 1977 (annex 90).
